★★★★ **InterWrite MeetingPad** (\$585), from GTCO CalComp Peripherals (www.gtcocalcomp.com): The InterWrite MeetingPad may be the interactive electronic whiteboard hardware-software combo that meets school and company budgets.

It's particularly well suited for businesses that are adept at and open to using new technologies. For technology-savvy educators, the analogous SchoolPad

could be a worthwhile investment, ultimately saving teachers time once it's fully integrated into lesson plans (macworld.com/0710).
